**Augusto Alves da Silva**

### **VENDE-SE (FOR SALE)**

This first solo exhibition at the Pedro Oliveira Gallery is presenting three works carried out over the last two years.

Augusto Alves da Silva was one of the artists invited to participate in “Registos de uma transformação”, a project documenting the works of urban renovation of some areas of the city of Oporto, under the responsibility of Porto 2001.

After the exhibition in the Ferreira Borges Market, Oporto, in December 2001, a catalogue was published bringing together the working of the several authors who participated in that initiative.

VENDE-SE is a book with 42 photographs designed by the author, taken from 2000 to 2001 during successive visits to the city of Oporto.

The Pedro Oliveira Gallery is presenting seven of these photographs in a selection that is different to the one that was included in the Ferreira Borges Market exhibition.

Two videos will be projected at the same time (on alternate days).

UGLY was presented to the public for the first time in the Chiado Museum in Lisbon in 2002 (along with TIME LAPSE) and SHOPWINDOW was part of the intervention the artist carried out in the Coroner's Institute, in the exhibition “A experiência do lugar”, held by Porto 2001.
